

2018 IEEE Student Conference on Electric Machines and Systems

Dec. 14-16, 2018
Huzhou, China

Paper's Title

All the Authors' Name

Registrant's Information

• Name

• E-mail

• Affiliation

• Department

• Country

• Tel

Corresponding Author's Information

Conference Topic

Electric Machines	Permanent Magnet Machines
	DC and AC Machines
	Linear and Special Machines
	Magnetics and Field Analysis
	Other topics related to electric machines

Power Electronics and Motor Drives	Motor Control and Motor Drives
	Motion Control and Servo Systems
	Automotive Power Electronics and EV Chargers
	Power Converters
	Other topics related to power electronics and motor drives

Power System	Security, Safety and Reliability Analysis of Power Systems
	Renewable Energy
	Global Energy Interconnection
	Energy Conversion Technologies and Energy Storage
	Demand Side Management
	Power Market, Economics and Sustainability
Other topics related to power system	

Presentation Preference

Oral

Poster

Note: The conference registrant MUST be one of this paper's authors.
